In the treatment of glassass peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says:

"The following are among the leading indications for Helonias (Unicorn root). Pain or whing in the back, with leacorrhose: atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women, constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weak-end condition of the reproductive system; amenorrhoss (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and aniemic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

### Anti-Jewish Riots.

Investigation proves that both the poice and the soldiers participated in the anti-Jewish riots in Bialystok, Russia. Victims of the massacre were treated

in a horribly brutal manner, some being clubbed and beaten until their bodies were like pulp. Every home of a Jew was sacked.

The front doors of Christians' houses

were marked with crosses.

It is reported that the constitutional democrats have determined to break with the government within a few days. The butchers of St. Petersburg will oin the bakers in the strike.

Two regiments of infantry and two batteries of artillery have been hurried to Cronstadt to suppress mutiny among the sailors and marines there.

Anarchy and terrorism increase in the interior provinces as the strikes in the cities and the peasant risings in the country spread

Parliament's bold act of defiance in refusing to be prorogued, which became known in St Petersburg, cuts the ground from under the government's feet. The constitutional democrats, who constitute a great majority, have definitely decided to refuse to otey the order to take a recess in case the government ventures on this step.

A rumor was current in the lobbies of the House yesterday that the cabinet, at a session held Sunday at Peterhof, had decided, in view of the unanimous action of the House, not to attempt to declare a recerts.

The constitutional democrats seem almost ready to throw in their lot with the revolutionists. The popular agit ation is so great that at a cancus, last-ing three mornings, the question of changing the party's tactics and abandoning any further attempt to postpone an open rupture with the government was seriously Jebated.

MM. Roditcheff and Naboukoff, leaders of the constitutional democrats in the lower house, led the radical wing, urging the absolute necessity of keeping with the revolutionary movement and insisting that unless they moved erward to battle immediately they ould be overwhelmed and left stranded. Prof. Milukoff, M. Vinaver, and others ounseled caution, saying it was not set time to bend to the storm, but the radicals were in the majority.

The lower house yesterday decided commission with ninety-nine members, who will be elected to-day

The intransigeant position of the Russian nobility is made manifest in the address to the throne adopted by the While it contains an iota of the question of the expropriation of land.

### Robber Saved from Mob.

The attempt of an Italian brigand to ob a woman of a pair of diamond earrings nearly cost two lives in New York yesterday. The would be robber's victim was terribly cut about the tace and head by a keen-edged knife with which the thief attempted to cut the jewels rom the woman's ears, and scarcely five ninutes later the robber himself and a policeman who had arrested him were ighting for the former's life against a crowd of hundreds of Hebrews, who ought to avenge the assau't. The robber was kicked and stoned and repeatedly knocked down before the policeman sac ceeded in safely landing him in a cell. The victim of the assault was Rebecca Kupfer and the assailant Joseph Carpaccia. He is 23 years old and has been in this country about four months, Mrs. Kupfer is 24 years old. She had been calling on friends Sunday night and was returning through Houston street to her home early yesterday morning, when Carpaccia attacked her. Her screams attracted a crowd, and with it came a policeman. He quickly subdued Carpaccia and was starting for the station-house, when the crowd realized the extent of Mrs. Kuyfer's injuries and sprang upon the prisoner. Hundreds of Hebrews poured from the tene ment-houses in the vicinity and swartoed around the policeman and his pris-oner. At first they merely begged the policeman to give the man up to them, that they might mete out to him the punishment which they thought he de served.

The policeman called for assistance and two more patrolmen joined him. Steadily the crowd grew larger and larger and more clamorous for the Italian's summary punishment At Delancey and Suffolk streets a man struck Carpaccia in the ear. He went down. The officers jerked him to his feet and pushed on through the crowd. At Delancy and Eldridge streets Carpaccia was again knocked down by blows from be hind. This time he was so stunned that ALSO PINEAPPLE ICE. he could not rise and was carried the rest of the way to the station. Both his eyes were blackened and his face and head were covered with bruises. He was locked up on charges of highway robbery and felonious assault. Mrs Kupfer will
